

Hunter[®]

240v/50Hz Selection Guide 2022
Includes a selection of dual cycle models

WHY HUNTER?

Hunter ceiling fans are designed to be as dependable as they are whisper quiet. We test, and test, and test each design a little too much. In fact, we perform more quality testing than any of our competitors. If you're interested in our testing process watch our video at www.hunterfan.com. You'll see how we test for weather conditions, vibrations and a lot more.

ICON GUIDE

	Indoor	Rated for indoor spaces only
	Damp Rated	Damp rated for use as an indoor or outdoor ceiling fan in spaces exposed to moisture and humidity such as porches, patios, sunrooms, and bathrooms.
	Wet Rated	Wet rated for use in outdoor areas directly exposed to weather such as pergolas and also great indoors.
	Pull Chain	Includes pull chains for quick and easy on/off and speed adjustments.
	Wall Control	Includes wall control that lets you easily control the fan speed and function as well as the adjust dimmable light.
	Remote Control	Includes handheld remote control.
	Limited Lifetime Motor Warranty	Limited Lifetime Motor Warranty backed by the only company with over 135 years in the fan business
	Retail Box	Hunter branded packaging in full color.
	DC Motor	Ceiling fan with Direct Current motor.
	AC Motor	Ceiling fan with Alternating Current motor.
	Summer Winter	Ceiling fan with the ability to change the direction the fan blades spin. For summer, use counterclockwise direction. For Winter, use clockwise direction.
	Reversible Blades	Blades have two side options with same or different finishes.
	Low Profile Mounting	Low Profile housing specially designed to fit flush to the ceiling or for use in rooms with low ceilings.
	Flexible Mounting	Choose between a standard, low, or angled installation for a variety of ceiling heights and angles.
	50/60Hz	50/60Hz dual cycle

WeatherMax[®]

ENGINEERED FOR THE ELEMENTS™

Tough Against Corrosion

Keeps you cool and keeps its shine. WeatherMax ceiling fans utilize tough materials that resist corrosion from water and salt air.

Wet Rated

Come mist, shower or thunderstorm, a WeatherMax ceiling fan will stand strong against water damage to avoid malfunction or blade droop.

Maintains Shape

Blades stay straight and will not droop like other fans. Our blades are always ready to create an optimal, cooling breeze when you need it.
